

February 2024.

My Darling Zarephath Ladies,

Is it too late to say Happy New Year? January just flew by while we were being busy. Anyway, here is me wishing you the very best for 2024. May God's grace be sufficient for you in every season of your life.

My darling Sisters, this year I want to encourage us all, myself included, to stand tall and take a chance on God. Is God directing you in a certain way and you are scared or hesitant to step out? Why? God has your back! Remember his word in

Number 23:19 *"God is not a man, that He should lie, nor a son of man, that He should repent. Has He said, and will He not do? Or has He spoken, and will He not make it good?"*

God is ready to move on your behalf, he is just waiting for you to take a step of faith. Whatever it is, big or small that is bubbling up in your heart. That idea that has germinated in your heart, let it grow and take root, step out in faith and give it life. God will not fail you, remember we have a special relationship with him, have you forgotten? He is the husband to the widow. Honestly, He has your back, so don't hold back! Step out in faith in 2024. Whether it be a business venture, a career upgrade, the purchase of an asset, relocation/migration, or dare I say, marriage again! Yes, you are allowed. Whatever the Lord has given you the pass to do, please get up and do it. Stepping out in faith with God's backing is most rewarding and the best example we can give our children. Let them see their mother reaching for the stars with the hand of God cheering her on. How, did I hear you ask? Well, when God is cheering you on, as soon as you step out in faith, doors open up where you didn't expect it. Support and provision come from surprising avenues. A word in season is delivered to you from the last place you thought possible. When God is in the program, there is synergy! Things come together in a way that you will know that God's hand is in this. Your children will observe it, they will rise up and call you blessed and great shall be their peace!!

Sometimes, the expensive cost of living, the not having all the things I want, the loneliness, or even just the quiet house, they all seem like the enemy, but when I remember Psalm 3, that the Lord is my shield, the glory and the lifter up of my head, then I gather strength and focus on Him and peace is restored to my heart.

All I am saying is that, you shouldn't give up, you can do that thing you have dreamt of, that you have imagined and considered in your heart. As long as God has sanctioned it, you are well able.

He's got you back darling, so don't hold back!!

Love always,

Tara. (TWW)
